# ABOUT US

- United industrial group has a notable history that is traceable for over 50 years. With over 3 generations that have shaped the field of industry since 1965, the history of the company is more than just tales passed from one's grandfather, they are a matter of all the industry field
- We're a leading company for feeding industries for sheet metal components in the field of home appliances, automotives, air conditions and electrical components of electrical cabinets

- our ultimate goal is customer satisfaction in all stages of the product lifecycle, and in order to fulfill this we apply the process approach to better control our processes and maximize their outcome, we abide by all the legal and statutory requirements related to our industry
- We've deep experience to supply complete projects & finished end products using latest manufacturing technologies
- We've knowledge and capabilities for sheet metals components development, design and die making for such components also We manufacture spare parts for machines, molds and dies Using reverse engineering
- United industrial group is totally committed to the principles and practices of excellence and shall conform to the requirements of the Quality Management System Standards (QMS) , Environmental management standards (EMS) & Occupational health & safety management system standard (OHSMS)

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

Aimed to provide a pioneering model ahead of our competitors in the metal industries , automotive feeding, forming and machining of metals

Work to increase our customer satisfaction through the achievement of their requirements and expectations

Raise the skill of working groups and reduce the cost of production, and reducing turn over

# VISION AND MISSION

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# OUR STRATEGY

- To our Customers,  
Spare no effort to add value and reach their full
- To our employees,  
Providing them with opportunities for development and growth. maintain a safe and healthy working environment
- To our Society,  
Set the standard for social responsibility and environmental friendliness and a better future for our country

United Industrial group for metals  
since 1965

# CERTIFICATIONS OF MANAGEMENT AND QUALITY SYSTEMS

- ISO 9001:2015 Certified since 2009
- ISO 14001:2015 Certified since 2004
- ISO 45001:2018 Certified since 2021
- IATF 16949:2015 Certified since 2018
- BIQS (Built in Quality system) Certified since 2017
- Certified worldwide Electrolux Supplier

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# AWARDS:

General Motors Supplier Excellence Award for  
2017, 2018, 2019, 2020, 2021, 2022

United Industrial group for metals  
since 1965

# PRESSES CAPABILITIES

Presses 160

(Ranging From 10 Tons To 1200 Ton Press)

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# PRESSES CAPABILITIES

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# PRESSES CAPABILITIES

United Industrial group for metals  
since 1965

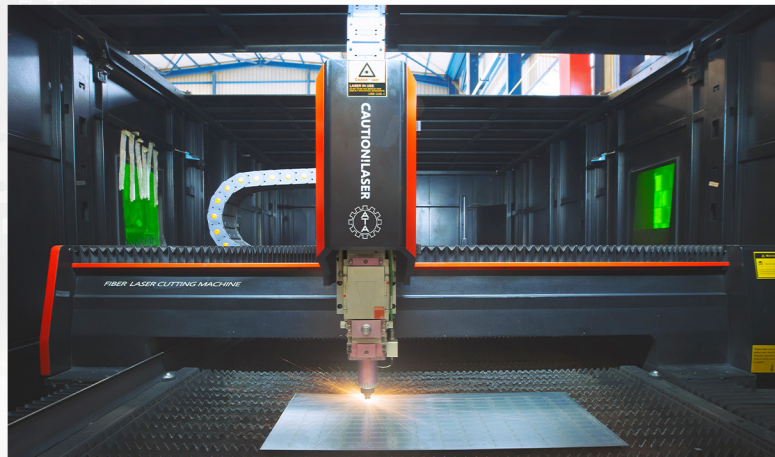

[www.unitedformetals.com](http://www.unitedformetals.com)

# Flexible cutting Capabilities:

- 2D Laser Cutting Machine (2 machines)
- More than 8 shearing machines

Material Type	Max. cut thick
steel	12 mm
Aluminum	3 mm
Stainless	5 mm
Copper	1 mm

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# SHEARING MACHINES

- Max. thickness 8 mm
- Max. Width 3 m

*FIBER LASER CUTTING MACHINE*

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# FLEXIBLE BENDING CAPABILITIES

## BENDING CAPABILITY

Up to **160** ton

Bending length up to **6** m,

Bending thickness up to **7**mm

CNC Bending Machine

NC Bending Machine

**2-3m** Width\* 4mm thickness

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# FLEXIBLE BENDING CAPABILITIES

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# Punch Machines

Material Type

Max. cut thick

steel

12 mm

Max. Sheet dimensions 1800\*1200mm

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# METAL PAINTING CAPABILITIES

## 2-Electrostatic Paint Lines

- **Esta Omega:** Product Size up to 3 m (Length)  
0.7m (width) ,1.5 m (height),
- Line speed from 0 to 3.5 m/min,
- Line painting area Capacity  
from 250-300 m2 per each turn

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

- **güvencelik:** Product Size up to 3 m (Length), 0.9m (width) ,2 m (height).
- Line speed from 0 to 3.5 m/min,
- Line painting area Capacity from 330-400 m2 per each turn

# Welding Capabilities

- Spot welding
- welding CO2
- Arc welding
- Argon welding
- Spot welding
- welding CO2
- Arc welding
- Argon welding

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# Spot Welding Capabilities

- 4 Flexible spot welding machines

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# SPOT WELDING ROBOT

- Spot welding robot for welding the RT95 Rocker panel.
- Ready for adapting with any new items.

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# CO<sub>2</sub> WELDING ROBOT

- CO<sub>2</sub> welding Robot for Front suspension base frame for Suzuki VAN.
- Ready for adapting with any program.

United Industrial group for metals  
since 1965

# MULTI DRILL MACHINES

United Industrial group for metals  
since 1965

[www.unitedformetals.com](http://www.unitedformetals.com)

# Engineering & Die making Facilities

No. of M/C	Machine Type	Specifications Range Cm
1	Spark erosion machine	60*40*60
6	Wire Cut Machines	40*30*40 – 100*63*50
2	EDM Drill	0.2 – 3 mm
1	CNC Milling MC Double Colum	300*230*100
3	CNC Milling M/C	70*42*40 – 160*80*80
3	Universal Milling M/C	30*40 – 100*160
6	CNC turning M/C	Max. 50 cm diameter
5	Turning M/C	Up to D 60* 300 length
1	(NC) Surface grindings	40*80 CM
4	Surface grindings	Up to 200 *80 cm
1	Cylindrical grinding machines	D 20 * 100 length
5	Mechanical Planers	70*100
10	Drill machines	50*25
3	Chain saw	50 Width* 40 Height
